

MediPOS – Pharmacy Billing POS by iSaaSPro

MediPOS is a smart, cloud-based **Pharmacy Billing & POS Software** designed to simplify daily pharmacy operations and enhance business efficiency. Developed by **iSaaSPro**, MediPOS helps pharmacists manage billing, inventory, and customers — all from one secure platform. Whether you own a retail pharmacy, a medical store chain, or a hospital dispensary, MediPOS makes billing faster, stock management easier, and customer service smoother.

Key Features

- ✔ **Smart Billing System** – Generate fast and accurate bills with GST-ready invoices.
- ✔ **Inventory Management** – Track stock levels, expiry dates, and reorder alerts in real-time.
- ✔ **Customer Management** – Save customer details, medical history, and offer loyalty programs.
- ✔ **Supplier Management** – Manage vendor accounts and purchase histories effortlessly.
- ✔ **Multi-Store Access** – Handle multiple branches and users with a single dashboard.
- ✔ **Reports & Analytics** – Get detailed sales, purchase, and profit reports for better decision-making.
- ✔ **User-Friendly Interface** – Simple to use for pharmacy staff and cashiers with minimal training.
- ✔ **Secure Cloud Backup** – All your pharmacy data is safely stored in the cloud with instant access anywhere.
