EstatePro – Smart Apartment Management Software by iSaaSPro

EstatePro is an advanced cloud-based apartment and society management software developed by iSaaSPro, designed to simplify property management for landlords, tenants, and housing societies. From tenant tracking to billing, maintenance, and communication — EstatePro automates every aspect of community and apartment management in one unified platform.

Key Features

📄 Tenant & Lease Management

- Add, edit, and manage tenant profiles easily.
- Track lease agreements, renewal dates, and rent payments.
- Maintain emergency contact and kin details.

🏠 Property & Unit Management

- Manage multiple buildings, flats, or blocks seamlessly.
- Assign tenants and track property occupancy status.
- View all unit details with maintenance records.

💰 Payments & Invoicing

- Generate automatic rent invoices and maintenance bills.
- Track payments, dues, and financial summaries.

- Accept online payments securely via integrated gateways.

Utility Management

- Record and bill utilities like water, electricity, and gas.
- Automatically calculate consumption-based charges.

Notices & Communication

- Send digital notices, reminders, and announcements.
- Keep residents informed with a built-in notification system.

Landlord & Staff Dashboard

- Dedicated panels for landlords, tenants, and admins.
- Role-based access for security and control.

Reports & Analytics

- Get real-time reports on occupancy, revenue, and expenses.
- Export and download data in multiple formats.

Data Security & Cloud Backup

- Hosted securely on the iSaaSPro Cloud.
- Automatic data backup and 24×7 access from any device.

Subscription Plans

- Subscription : 4999/- Per Annum

Custom enterprise plans are available on request.
