

Digital Business Card (vCard)

A Smart SaaS Application Powered by Insight Infosystem

The **iSaaSPro Digital Business Card (vCard)** is a modern, cloud-based SaaS solution designed to replace traditional paper visiting cards with a **smart, interactive, and shareable digital identity**. Powered by **Insight Infosystem**, this solution helps professionals, startups, and enterprises showcase their complete business profile through a single click.

With iSaaSPro vCard, your business card becomes a **mini website** that works seamlessly across smartphones, tablets, and desktops—making networking faster, smarter, and eco-friendly.

Why Choose iSaaSPro Digital Business Card?

In today's digital-first world, first impressions matter. iSaaSPro vCard enables you to present **everything about your business in one place**—contact details, services, products, social media links, and more—without printing or reprinting cards.

Key Features

-  **One-Click Access**
Share your digital business card instantly via link, WhatsApp, email, or QR code.
-  **QR Code Scan**
Let customers scan and save your details instantly on their mobile phones.
-  **Multiple Templates**
Choose from professionally designed templates that match your brand identity.
-  **Self-Managed Dashboard**
Update your profile, contact details, services, and products anytime without technical help.
-  **Services & Product Showcase**
Display your offerings with images, descriptions, and enquiry options.
-  **Appointment Booking**
Allow clients to book appointments directly from your digital card.
-  **Enquiry Form**
Capture leads easily with built-in enquiry and contact forms.
-  **Add to Contact**
Users can save your details directly to their phone contacts.
-  **Instant Sharing**
Share your digital card across social media platforms instantly.

Cloud-Based & Always Accessible

Being a SaaS application, iSaaSPro vCard is **secure, scalable, and accessible anytime, anywhere**. No app installation required—just open the link and connect.

Ideal For

- Business owners & entrepreneurs
- Sales & marketing professionals
- Doctors, consultants & service providers
- Startups & enterprises
- Retailers, manufacturers & distributors
